MEMORANDUM FOR: Director of Logistics

Jim:

It is my understanding that the Agency presentation to the National War College last year required the use of projection equipment placed in the aisles of the auditorium and that the same will be true this year on Monday, 14 October. I also understand that if we had proper equipment in the booth the projection could be made from there, and it would not be necessary to clutter the aisles with other equipment. Would you please consult with the Office of Training and, if it is relatively inexpensive, acquire the necessary equipment without delay. If there is a major problem, please consult with me.

Signed

L. K. White
